

Message to Students

Dear Students,

We are addressing you to make an earnest appeal against ragging at GBU, Gr Noida. Ragging is a social malaise and we have to abolish it, since it has no place in a civilized society. Honorable Supreme Court of India, in its order has made it mandatory for all educational institutions to report ragging incidents to the local police and has stipulated that exemplary punishments be given to those indulged in this heinous activity.

GBU, Gr Noida is an upcoming university and we all bear the responsibility to uphold its image, any anti-social activity or ragging has no place in this university. Hence all students are advised not to indulge in ragging and also to discourage other students from indulging in any such activity. All students are expected to behave as responsible citizens and be accountable for their actions.

All senior students must realize that they have some moral duties towards this University and must come forward to help in establishing a ragging free and congenial environment for the newcomers. Students may feel free to contact us to discuss any problem or to convey any idea in this regard.

Prof. Sanjay Jasola

Dean, Student Affairs
