

Gautam Buddha University

EDUCATION ENLIGHTENED

Gautam Budh Nagar (U.P.)

VISION

The University envisions becoming an integrated academic and research institution with an interdisciplinary curricular structure aiming to address social, economic and technological challenges of this global world. We are creating a community of scholars who can inspire growth, continuity and meaningful transformations; seeking and incorporating the best practices in teaching and learning from around the world; reaching out to the weaker sections of the society and providing quality education and training.

From the desk of the Vice Chancellor

Today, when the geographical frontiers are shrinking and the world is engaged in drawing new boundaries of Knowledge Order, we, at Gautam Buddha University, have initiated a new model of Enlightened Education to cater to the needs of the transnational and pluricultural world.

With a three dimensional approach in our endeavour, we are meaningfully engaged in defining knowledge, helping our students acquire that and training them to put that into practice. We foster our mission for excellence in education and training coupled with a value-based intellectual growth.

As part of our social responsibility, we are reaching out to the under privileged section of the society irrespective of class, creed or gender. We foster our mission to provide state of the art higher learning to the lowest in the prevailing social hierarchy and brush aside the myth of one being economically privileged for getting higher education. The University envisions supporting and promoting economically challenged students in terms of scholarships, and study material at a low cost. We are giving shape to all their unspoken and unheard dreams.

In our quest for achieving intellectual excellence, we are re-drawing the frontiers and spreading our wings in all directions to map the limits of academic excellence. To become a global center for excellence, in real sense of the term, for disseminating knowledge, we are in the process of formalizing tie ups and mutual accreditation with more than 15 universities in United Kingdom, France, Finland, Netherlands, and USA.

I take this opportunity to invite all aspirants to be a part of this historical initiative in education and training to give shape to a promising future.

R. S. Nirjar

About the University

Gautam Buddha University, established by the UP Act (9) of 2002, commenced its first academic session at its campus in Greater Noida in August 2008. The University is funded by the New Okhla Industrial Development Authority (NOIDA) and the Greater Noida Industrial Development Authority. The University unfolds its deep seeded philosophy of value-based education & training and aspires to become a world class center for excellence in education with its fundamental commitment to serve the under privileged, economically challenged and down trodden sections of the society.

The Campus

The University is being developed as a fully residential campus, with air-conditioned classrooms, library, meditation centre, computer centre, instrumentation centre, seminar halls and well-equipped laboratories. The University will also have a gymnasium, swimming pool, auditorium and sports complexes within the campus. The University has planned and is developing as one of the finest campuses that can rival the best in the world. The lush green campus spread over 511 acres has 30% green belt with more than 50,000 trees already planted. This architectural marvel in its master plan has:

Administrative Building

08 Faculty Buildings each spreading over 11,000 m

Central Library in 14,000 m with facilities for 2000 students to use it at any particular time

Residential complexes for Faculty and Staff Members

Married Scholars' Hostel

Students' Hostel for boys and girls with 5000 single seated rooms

Guest Houses

Auditorium

Meditation Centre

Sports Complex, Swimming Pool and Gymnasium

Shopping Centre

Central Library

A huge central library in terms of infrastructure and resources is under construction and will be functional in this academic session. The library in its functional state will have world class literature, journals, titles and other online resources for research and training. At present the University library has adequate number of books, journals (national and international) and magazines. Apart from these printed resources it provides rich online resources like Emerald, EBSCO, and many other e-journals for scholars and students.

Computer centre

Each school of the University shall have state of the art computer center with high speed internet connectivity besides a central computer centre with internet connectivity and a wi-fi environment on campus.

Corporate Interaction Cell

The University has a fully operational Corporate Interaction Cell for Networking, Interaction, Summer and Final Placements assistance for the students.

Hostel

The University being a fully residential campus shall have separate hostel accommodations for boys and girls with 5000 single seated hostel rooms and complete wi-fi premises. In the first phase of its construction 600 single seated rooms will be available on campus in July 2009.

Academic Programmes

Our Vision and Mission are carried out by our accomplished faculty, recruited and groomed in accordance with the practices in reputed national and international institutions. Apart from them we also have visiting faculty and guest speakers of high credentials addressing our students regularly. The academic Programmes, designed in line with the best universities around the world, combine the best practices of pedagogy and class room teaching, complemented by practical training and experiential learning. The University cultivates vision and encourages growth with a sense of responsibility to harness it for the multidimensional growth of the society. A tireless quest for knowledge and exploration, intellectual excellence, and inculcation of eternal human values makes us distinct from the rest. In order to promote value-based education, research and training, the University has established three Schools to begin with, they are:

1. School of Management,
2. School of Bio Technology,
3. School of Information & Communication Technology,

In near future the University is planning to add five more Schools of studies in its fold which are:

4. School of Law & Social Justice,
5. School of Vocational Studies,
6. School of Engineering & Design,
7. School of Buddhist Studies & Civilization,
8. School of Humanities & Social Sciences.

Spreading Our Wings

Our actions today will define our future. We are creating a future which will ensure the best education to students. In our quest for achieving intellectual excellence, we are re-drawing the frontiers and spreading our wings in all directions to map the limit of academic excellence. To become a global center for excellence in real sense of the term, for disseminating knowledge, we are in process of formalizing tie ups and mutual accreditation with many universities in UK, France, Finland, Netherlands, and USA. As per the provisions of the ordinance adopted in line with our commitment to provide world class education, training and exposure, we are working towards sending our students abroad under mutual exchange Programmes.

Post Graduate Programme

Masters in Business Administration (MBA)

The School of Management with specialisations in Finance, Human Resource Management, Strategic Management, Marketing and Retail Management, Operations Management is being developed in line with leading Business Schools in Europe, Canada, Australia and USA. It aims to train and prepare students with all knowledge and skills that are required by and desired in the corporate world. The University has a sincere focus on research-based teaching and lays emphasis on training, which is modern and up-to-date. The School commenced its first academic session in August 2008.

M.Tech. in Bio Technology (For Science Graduates)

As a multidisciplinary applied science, Biotechnology is an amalgam of molecular biology, recombinant DNA technology, genetics and biochemistry. School of Biotechnology, Gautam Buddha University offers three and a half year M. Tech. Programme in Bio-Technology with specialisations in Bio- Informatics, Genetic Engineering, etc for science graduates. These courses in biotechnology intend to disseminate both basic and advanced knowledge of biological systems and impart technological competence to allow the graduate to carry out research and development activities in various fields of biotechnology, specially in medical and pharmaceutical sectors. The students enrolled in M.Tech. Programme may be considered for Ph.D. after successful completion of second year. The School commences its first academic session in August 2009.

M.Tech. in Information & Communication Technology (For Science Graduates)

Information and Communication Technology is a unique program that combines the essential components of Information and Communication Technology visavis current trends in the field. School of Information and Communication Technology offers three and a half year M. Tech. Programme with the specialisations in Software Engineering, Intelligent System, Wireless Communication, VLSI design etc. for science graduates. These courses are designed as per emerging trends in information and communication technology and aim at promoting research in these growing areas. The students enrolled in M.Tech. Programme may be considered for Ph.D. after successful completion of second year. The School commences its first academic session in August 2009.

M.Tech. in Information & Communication Technology (For B.Tech. Students)

School of Information and Communication Technology offers two year M. Tech. Programme in Software Engineering, Intelligent System, Wireless Communication, VLSI design etc. These courses are designed as per emerging trends in information and communication technology and aim at promoting research in these growing areas. The students enrolled in M.Tech. programme may be considered for Ph.D. after successful completion of second year. The School commences its first academic session in August 2009.

Admissions 2009-10

Graduate Proficiency Test (GPT-2009)

S.No.	Name of the Programme	Eligibility	Duration & No. of Seats *
1.	MBA (Specialisations in HR, Finance, Marketing, IT, Retail, Operations, Strategy, Insurance, etc.)	Three year degree Course from a University established by law, securing minimum 50% (40% for SC/ST) marks in aggregate	2 years (4 Semesters) 120
2.	M.Tech. Bio-Tech (Specialisations in Bio-Informatics, Genetic Engineering, etc.)	Three year degree Course in Science/ Agriculture Sciences/ Veterinary Sciences from a University established by law securing minimum 55% (45% for SC/ST) marks in aggregate and essentially having biology at 10+2 level	3 ½ years (7 Semesters) 60
3.	M.Tech. Information & Communication Technology (Specialisations in Intelligent System, Software Engineering, VLSI Design Wireless Communication etc.)	Three year degree Course in Science with Mathematics from a University established by law, securing minimum 55% (45% for SC/ST) marks in aggregate	3 ½ years (7 Semesters) 120

4.	M. Tech. in Software Engineering, Intelligent System, Wireless Communication and VLSI Design	B.Tech. Degree in Electronics & Communication / Computer Science & Engg. /IT/ Electrical Engg. / M.Sc in Electronics / Computer Science / MCA from a University established by law, Securing Minimum 55% (45% For SC/ST) marks in aggregate	2 Years (4 Semesters) 60
----	---	---	-----------------------------

* The number of seats in each of these courses may be increased or decreased if necessity arises. The final allotment of the seats in different specialisations will be communicated at the time of admission.

S.N.	Name of the Programme	Academic Fee per academic session	Hostel charges per academic session	Registration Fee at the time of admission
1.	MBA	Rs. 2, 10,000	Rs. 30,000	Rs. 10,000
2.	M.Tech. in Biotechnology	Rs. 60,000	Rs. 30,000	Rs. 10,000
3.	M.Tech. in Information & Communication Technology	Rs. 60,000	Rs. 30,000	Rs. 10,000

*Fees can be revised

*Hostel Charges are only for accommodation. Food charges will be extra

Refundable Security Deposit: Rs. 10,000 for all Programmes

Examination Schedule for GPT-2009

Date	Time	
5 April 2009	8.30AM – 10.30AM	MBA, Management
5 April 2009	11.30AM – 01.30PM	M.Tech. ICT
5 April 2009	03.30PM – 05.30PM	M.Tech. Biotechnology

Syllabi for GPT-2009

The medium of GPT-2009 will be English. The question papers will carry objective multiple-choice questions. The following is a brief description of contents of the test paper. The paper is conducted to test the fundamental concepts in the subject.

MBA

S. No.	Coverage	Percent Weightage
1.	Reasoning and Aptitude	30
2.	Mathematical Ability & Data Interpretation	30
3.	English Proficiency	20
4.	General Awareness	20

M.Tech. (ICT) – (For Science Graduates)

S. No.	Coverage	Percent Weight age
1.	Mathematics	30
2.	Physics	30
3.	English Proficiency	20
4.	General Awareness	20

M.Tech. (ICT) – (For B.Tech. / M.Sc / Electronic / Computer Science / MCA Students)

S. No.	Coverage	Percent Weight age
1.	Mathematics	30
2.	Subject Proficiency	30
3.	English Proficiency	20
4.	General Awareness	20

M.Tech. (Biotech)

S. No.	Coverage	Percent Weightage
1.	Biology	30
2.	Chemistry	30
3.	English Proficiency	20
4.	General Awareness	20

Mode of selection

Please Note

1. The selection to the Programme shall be provisional until the candidate furnishes all required documents and testimonials including final result of the qualifying examinations before the End Semester Examination of the first semester of the Programme.

2. The candidate should have completed all the requirements of the award of the qualifying degree before the commencement of the session i.e. all his/her theory, practical, and viva-voce exams must be completed. However, submitting final results of the qualifying examination is mandatory before appearing in the End Semester Examination of the First Semester of the Programme.

How to apply

Apply on the prescribed form which can be obtained after depositing demand draft of Rs. 1400 (By Hand) for General / OBC Candidates and Rs 700 for SC/ST drawn in favour of 'Chairman-Admissions (GPT-2009)', Gautam Buddha University and an additional amount of Rs 100 if requisition of the Application Form is through post from The Admission Office, Gautam Buddha University, Greater Noida, Dist.: Gautam Budh Nagar -201 308. The form can be downloaded from the University's website www.gbu.ac.in

Last date for submission of Application Form

Filled application in all respect should reach; The Chairman-Admissions, Gautam Buddha University, Greater Noida, Dist.: Gautam Budh Nagar -201 308 by 5 March 2009 before 5:00 pm, For more details log on to www.gbu.ac.in or contact admission office on or before 5 March 2009 before 5:00 PM.

Reservation

The University shall be open to all persons- irrespective of class, creed or sex in each branch of learning. The University shall reserve twenty-three percent of the seats for the students belonging to the Scheduled Castes and twenty-seven percent of the seats for the students belonging to the Other Backward Classes of citizens.

Centre of Examination

The GPT 2009 will be held at various cities. The candidates are advised to give three choices of examination centres as some of them may be cancelled if the required number of students fails to opt for that particular center. Request of any change in the choice for examination center shall not be entertained under any circumstances. The tentative list of Examination Centres is given below:

City	Code
Noida	01
Delhi	02
Lucknow	03
Bangalore	04
Ranchi	05

Admit Card

1. Admit card will be sent by post to the each candidate.
2. The duplicate admit card shall be issued to the candidate on 4th April 2009 from 10.00 A.M. to 5.00P.M. At the designated Examination Centre.

For getting the duplicate admit card the candidate must bring:

- (i) Two passport size photographs (Black & White) similar to that pasted on the application form.
- (ii) Rs. 100.00 as Fee for duplicate admit card.
- (iii) Proof of having submitted the application form indicating its numbers.

3. Any plea that the candidates failed to receive the information for appearing in GPT-2009 will not be accepted as a ground for the refund of fee or other redressal. Gautam Buddha University may withdraw the permission to appear in GPT-2009 granted by mistake to a candidate who is not eligible to appear at the GPT-2009 even though an Admit Card has been issued and produced by the candidate before the concerned Centre superintendent at the centre.

4. Since successful candidates are required to produce the Admit card at the time of admission, it should be carefully preserved until the admission process is completed.

Important Instructions

1. Read all instructions given in the Information Bulletin carefully.
2. Any candidate if applying for more than one course is required to fill separate forms for each course along with separate drafts against the examination fee as applicable.
3. Send the complete original Application Form only in the envelope provided for the purpose.

4. Do not staple, pin or stitch your photograph. Paste it firmly in the space provided. Do not get it attested.
5. Candidates are advised to go through all the points in the application form before mailing/submitting the form.
6. The Gautam Buddha University will not be responsible for any delay in receiving the application form for any reason whatsoever.
7. Any candidate seeking admission under the provisions of reservation is required to enclose a set of attested copies of all supporting documents with the application form. Further, he/she is required to produce all these documents in their original with a set of attested copies at the time of admission. Certificates with the application form. These certificates in original will have to be produced at the time of admission along with one attested copy of each one of them.
8. The result of GPT-2009 declared by Gautam Buddha University shall be final and binding.
9. If any document/declaration submitted by the candidate is found to be false forged at any stage, his admission shall be cancelled and he/she may be liable for prosecution under the law. In case of any legal dispute, the jurisdiction will be limited to Gautam Budh Nagar courts only.
10. The candidate must ensure his /her eligibility to appear in the Entrance Examination.
11. If a candidate, who is not eligible to appear in the examination, does so, he/she will not have any claim whatsoever, for admission and permission to appear in GPT-2009.

Life at Campus

Samwaad: A Forum for Intellectual Exchanges

The IT revolution and restructuring of capitalism have introduced a new form of social order. This new order is diffusing as industrial capitalism and in turn shaking institutions, transforming cultures, creating wealth and inducing poverty, spurring greed, innovations, and hope. This trend has voiced changes in the academia as well. The quest for knowledge is characterized by the Demand-Supply chain of the market and the essence of knowledge is reduced to USP (Unique Selling Proposition). Everything we do is determined and guided by the market forces. This is propagating a new knowledge order.

We have taken up this challenge to reclaim the faith and supremacy of knowledge and intervene meaningfully to register our presence. We, at Gautam Buddha University, are scripting a new chapter in academic excellence. It may feel a painful realization that for the first time in the history that the battle of thoughts has been won by the market forces. In this context this forum comes to us as a great intellectual respite on our way to achieving intellectual excellence. We aspire to nurture Samwaad as a forum which brings the teachers, students, intellectual pioneers of all disciplines to come together to exchange views and identify roles in rewriting this new knowledge order. It is a forum that promotes freedom of thoughts, and fosters a greater responsibility to harness all our knowledge for the multidimensional growth of the society. Let us join hands to promote timeless human values and be part in restoring supremacy of knowledge.

The forum is engaged in productive intellectual exchanges and periodically organizes talks, debates and seminars on current Social, Economic, Environmental, Cultural and International issues.

And the quest continues...

Extra Curricular Activities

Apart from the rigorous curricular training and physical work outs, the University has constituted many clubs for the students to have a creative respite. These include clubs for Music and Dance, Dramatics, Fine Arts, Debate, and many others.

Meditation Center

In addition to curricular inputs, the university unfolds its philanthropic extensions to guide and shape physical, mental and spiritual growth of young minds, body and soul. The Jyoti Rao Phule Meditation Center, inspired by stupa-architecture, will be functional in January 2009. This structural marvel will accommodate huge number of practitioners of meditation in its all modern forms; and will also house a library with a sizeable body of literature.

Shopping Complex

In the first phase of its construction, the university will have a large shopping complex which will be functional from this academic session. It will cater to the everyday needs of the students, faculty and staff members on the campus and will house a multi functional consumer's counter, milk booth, eateries, stationary shop, ATM machine and many more added facilities.

Sports Facilities

The University in its master plan has two sports complexes for track & field activities and other indoor and outdoor sports. The University promotes multi dimensional growth of its students with an emphasis on integrated physical and intellectual training. The University has appointed a full time physical training instructor and has devised special slots in its curriculum for physical training, track & field activities, and other sports. At present a huge sports ground with an eight lane track is shaping physical health of the students.

Evening Out

The campus has many other pleasing attractions with fountains, water bodies and the Shanti Sarowar with ever inspiring Tathagat's statue in it. The scenic beauty and neon lights are very captivating to mesmerise evening walkers.

The Campus

Total Area of the Campus	: 511 Acres
Constructed Area	: 357 Acres
Green Belt	: 154 Acres
Plantation	: 50,000 Trees already planted
Administrative Building	: 01
Faculty Buildings	: 08 (11,000 m each)
Central Library	: 14,000 m
Students Accommodation	: 5000 Single-seated Hostel rooms
Faculty & Staff Accommodation	: 750
Shopping Centre	: 01
International Centre	: 01 (with 38 rooms)
Guest Houses	: 02 (with 200 rooms)
Water Bodies	: 06
Swimming Pool	: 01

Sports Complexes	: 02
Auditorium	: 02
Dispensary	: 01 (10 beds)
