

An aerial photograph of a modern university campus. The central feature is a large, circular blue pond. Surrounding the pond are several large, curved, light-brown buildings with multiple stories, arranged in a semi-circular pattern. The campus is lush with green trees and lawns. In the bottom left, there is a smaller circular pond with a fountain. In the bottom center, there is a circular paved area with some structures. The overall design is modern and organized.

SCHOOL OF INFORMATION AND COMMUNICATION TECHNOLOGY

"Come forth into the light of things and nurture with us"

Programmes Offered (UG- U01) in School of ICT

**Integrated Dual Degree
(B.Tech. – M.Tech/MBA)
in Electronics and
Communication
Engineering (ECE)
[5 Yrs.; 60 Intake]**

**Integrated Dual Degree
(B.Tech. – M.Tech/MBA)
in Computer Science
and Engineering (CSE)
[5 Yrs.; 120 Intake]**

**B.Tech. in Information
Technology (IT)
[4 Yrs.; 120 Intake]**

Post Graduate Programmes Offered in SolCT

Department of ECE

- VLSI Design
- Wireless Communication and Networks
- Embedded Systems

Department of CSE

- Intelligent System and Robotics Engineering
- Software Engineering
- Computer Science

Interdisciplinary Program

- 5 yrs. Integrated Dual Degree (B.Tech. [ECE] + MBA)
- 5 yrs. Integrated Dual Degree (B.Tech. [CSE] + MBA)

* *Department of ECE and CSE offers all the above stated specializations for 2 yrs. M.Tech. and 5 yrs. Integrated Dual Degree Students.*

* *SolCT also offers Doctoral Programme (Ph.D.) in various areas of CSE & ECE.*

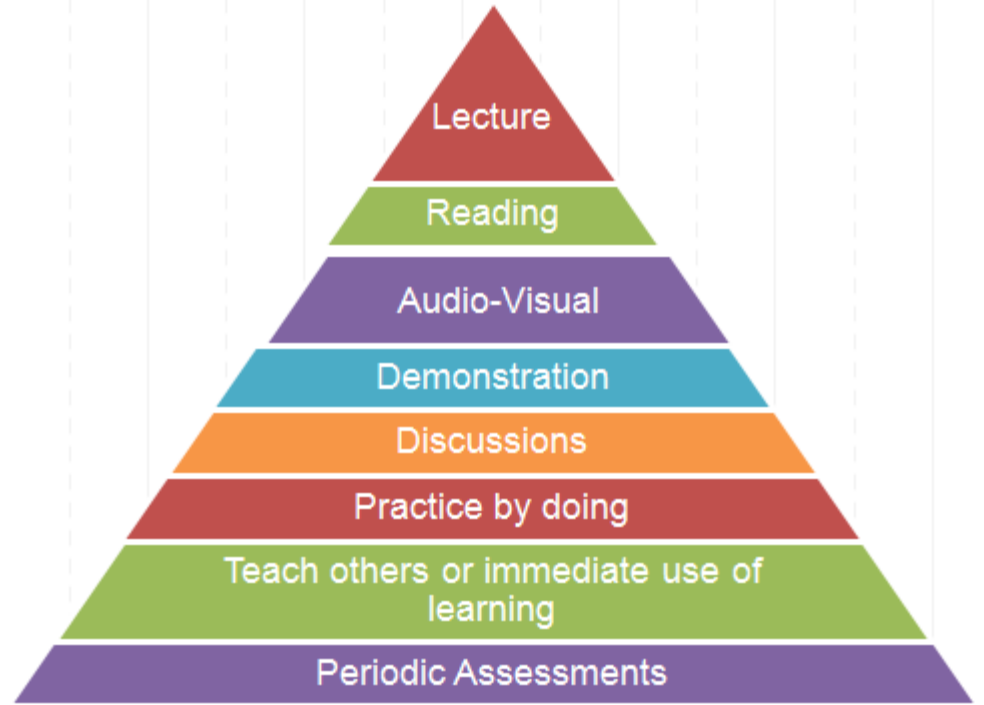

Advancing a New Vision for overall upliftment of Students

- Our faculty experts are practicing professionals, scholars, and authors.
- Teaching through their experience, insight, and knowledge.
- Creating a translational research and innovation culture.
- Facilitate Scholars with effective learning relationship
- Inter Disciplinary faculty build on strength and fill gaps.

Academic Methodology

- Interactive Theoretical Sessions
- Faculty one to one Mentoring Program
- Systematic Hands-on in Laboratory Studies
- Research based Teaching
- Problem Solving Skills development
- Industry aware teaching.
- Expert talks from Industrial and Academic professionals.
- Organizing Seminars, Workshop, Conferences, and Symposiums on regular basis.
- Day to day Pre-placement and Placement Activities.

State of the Art Infrastructure

- 511 acres Campus with 54k sqm of constructed area, and 30% green belt with more than 50k trees.
- A central library, which can house 2k students.
- An administrative building, eight school buildings, faculty & staff quarters, married research scholar hostels and hostel complexes for 5k students.
- International & National guesthouses, meditation centre, Swimming pool, Gymnasias and indoor and outdoor sports complexes.
- Wi-Fi enabled campus with 24x7 Internet facility.

School of ICT possess

- Smart Lecture Theaters, facilitated with visualizers, projectors, audio-video systems, white and green boards.
- Well equipped labs with more than 300 work stations.
- High-tech well established laboratories like VLSI Design, Computer Network, Programming, DSP, Electronics Circuit Optical Networks, Artificial Intelligence & Robotics, Open Source Software, Embedded Systems, Image Processing, Microwave & Antenna, PCB Design, etc.

Extracurricular Activities

Committees

Academic Committee
Infrastructure Committee
Media Committee
Social Committee
Sports Committee

Clubs

Art/Painting Club
Debating Society/Club
Dramatics Club
Literary Club
Dance/Music Club
Adventure Club

Special Interest Groups

Programming Club
Photography Club
Robotics Club
Open Source Activity Group
Audio Visual Education Club

Sports & Cultural Festival

Shauryautsav
Abhivyanjna

Preplacement Activities

- *International Mentorship Program initiated.*
- *Thirteen students got selected for this Program.*
- *Selected Candidates offered mentors from ICT professionals working in IBM, Microsoft, and Salesforce, USA.*

Internships Offer through Campus Drive

- *Incubation Center IIT Kanpur & IIT Patna*
- *Oracle, Astrea IT Solutions*
- *Huawei Technologies*
- *Lucideus, CMS IT Services, etc.*

SPOTLIGHT 2016-17

- *Conducted Motivational Talk- IIT Patna, "Opportunities in Incubation Centre".*
- *Organized DST sponsored "Entrepreneurship Awareness Camp".*
- *Skill Development lecture coordinated by "RuralShores Skills Academy".*

Conducted Python and Bootstrapping workshop by working Industrial Professional.

- *One to one interview escorted for Aptitude Development by Salesforce In, USA*
- *Expert Session done on Industry Awareness in domain of VLSI and Embedded Systems*

Preplacement Objectives

- *Identify research or corporate interest of students, and assist them with opportunities around the globe*
- *Build an interface- platform for companies and universities with ICT-ians from second year onwards.*
- *Helps in building and sustaining relations with potential recruiters.*
- *Assists in conduction of talks, interviews and selection process of the students.*
- *Coordinates with students for both summer and winter internships program.*
- *Plan Industrial, Research Centre, Off Campus Conferences /Workshops/Trainings/Symposium Visits.*
- *Conduct weekly overall personality, communication skills, attitude & aptitude build up sessions.*

ECE- Placement Spotlight (Current Batch)

Highest packages offered in the university to ECE background students.

More than 10 students obtained Research/ Ph.D. positions in foreign universities, IITs , IIITs, etc.

100% placement for ECE background VLSI Design Specialization students.

Placement Demographics ECE: Specialization Wise

- Depicts the percentage of students placed in corporate rest pursuing higher education.
- Placement record till June 30th 2017.
- Placement drives are still in progress for current pass out batch.

* Highest package 7.2 LPA

* Average package 3 LPA

CSE- Placement Highlights (Current Batch)

Inik
World

Placement Demographics CSE: Specialization Wise

*Figures in Percentage

Software Engineering
(100%)

Intelligent System & Robotics
(100%)

WCN*
(50%)

MBA*
(75%)

* Rest pursuing higher education

School of ICT- Alumni Integration

- Re-unions & Events
- Alumni groups on Social Media
- Industry Forums

- Adhoc Campus visits
- Guest Lectures
- Mentorship Programs
- Career Services
- Internship & Incubation

- Institutional Development
- Academic Activities
- Non Academic Support Activities

- Knowledge delivery
- Targeted Skills Training
- Involvement in Academic delivery

Good Luck!!!

- Thank you and good luck with your studies. Enjoy your time here, we're very happy to have you with us.....

“Let's have a great start with us.....”

**GAUTAM BUDDHA
UNIVERSITY**
