

Engineers Day and Hindi Diwas, 2015 Report

On the Birth anniversary of Bharat Ratna Sir Mokshagundam Visvesveraya School of Engineering Gautam Buddha University celebrated Engineer's Day and Hindi Diwas together as a one week programme from 08 Sept to 15th Sept 2015. Several technical as well as cultural activities in form of quiz, debate and competitions were organized. Students of all the schools of GBU participated in these competitions with great zeal and enthusiasm. The events started from 08th Sept'15 followed by activities such as essay writing competition, technical quiz, technical debate, poster making and Kavi Sammelan etc. There was an overwhelming response from students and large number of students turned for participation in each event. The event was headed by Prof. Anajana Solanki, Dean, School of Engineering along with event co-ordinator Dr. M.A. Ansari and his team member's viz. Dr. Nirmita Mehrotra, Dr. Athar Hussain and Dr. Anurag Dixit.

On 08th Sept 2015, "**TECHNICAL ESSAY**" writing competition was held in SCHOOL OF ENGINEERING, on "DIGITAL INDIA A BANE OR BOON" both in Hindi and English language in which more than 150 students have participated.

"**Techno Blast**" event is the search for any idea which makes different ways to know terms in technically innovative ways, or ideas which can make our generation to give a better future in technical advancement was organized with full enthusiasm on 09th Sept 2015. Students participated with great zeal and helped in sharing the ideas between students of all the specializations of various departments. The "**POSTER MAKING**" event was organized on 10th Sept. on the topic "Technical and Natural way of E-waste Management" in which 60 students participated and showed their skills and creativity via Posters.

"**TECHNICAL QUIZ**" competition pursuits the trivial knowledge, help students to achieve academic excellence and increase their awareness of the world around them was organized on 11th Sept. 2015. A general level technical as well as non-technical quiz was conducted in which 180 students participated and 3 best students were chosen as Winners, Runners Up.

A complete event where an individual shares all the technical ideas and view regarding the complete concept and knowledge at the technical level was organized in terms of

“TECHNICAL DEBATE”. “SMART CITIES BOON OR BANE” was the main topic of the event in which 35 students individually participated and displayed their skills on 12th Sept. 2015.

Keeping in mind the necessity and importance of Robotics and Automation in Engineering, which is on its boom these days, **“ROBO LINER”** was organized on 14th Sept 2015 in which 25 students participated in teams and demonstrated excellent performance.

In continuation to the above events parallel sessions of one day workshop were organized on the theme **“Architectural Revits”** by Dr. Nirmita Mehrotra, Head, Architecture and Built Environment Department on 08th Sept 2015 and on **“Research Areas in Structural Engineering”** by Dr. Shilpa Pal, Head, Civil Engineering Department on 14th Sept 2015.

The one week long events were finally concluded on 15th Sept. 2015 in the School of Management Auditorium. Dr. Anand Swaroop, Dean Faculty Affairs, N.I.T. Kurukshetra was the Guest of Honor and Dr. J.P. Sharma, Vice Chancellor- Gautam Buddha University was the chief guest of the program. The program started with the lightening of lamp and laying a wreath to the

Gautam Buddha sculpture and the welcome speech of Prof. Anjana Solanki, Dean, School of Engineering and chief organizer of the event gave a welcome note and emphasized upon the Hindi Diwas & Engineers Day. Dr. M.A. Ansari, Event Co-ordinator introduced the Guest of Honor and described about the events and the competitions in detail.

The event was followed by keynote speech on Engineers Day by Dr. Akhilesh Swaroop and emphasized on how the technology is playing role for the development and advancement of country. Shri Amarnath Upadhyay, Registrar emphasized upon the use and role of Hindi Language in our daily work culture. The word of wisdom was delivered by Dr. J.P. Sharma, Hon'ble Vice Chancellor, he motivated the student through collection of most inspiring feats and anecdotes from the life of Bharat Ratna Sir Mokshagundam Visvesveraya. Several cultural programmes were exquisitely performed by the students of G.B.U. as part of the celebrations of one week long Engineer's Day and Hindi Diwas.

After all this, the prizes were distributed to the winners of the different events and competitions and to the organizers of the event. Lastly, Dr. Anurag Dixit proposed vote of thanks to all and showed his obligation to all the guests and the audience of the event.
