

# ECO KART 2014

A Sae India GBU Initiative

*Society of Automotive Engineers* **“WHICH IS A DETROIT, U.S.A BASED ORGANIZATION. THE CLUB,** this year is bringing up a World Class Event favoring Go Green Concept i.e. *Eco Kart 2014*. Eco kart 2014 is an initiative of SAE Collegiate Club, Gautam Buddha University. The Competition is to Design and Fabricate a single passenger kart which is operated by a Motor AC or DC, where Source of running the motor is a battery. Eco kart 2014 favors Go Green Concept provided and promoted by SAE. The Main Aim of the competition is to reduce the usage of organic fuel powered Vehicle and to design a vehicle which works efficiently in the growing fuel Area i.e. Electric powered Vehicle. This will not only save the Organic Fuel but also help students to Work upon *NO POLLUTION* rides and future Fuel. The Competition is open to students pursuing Degree/Diploma in Engineering from India. For more Info visit the Official Site. For Official Website [Click Here>>](#)
