

**Two-day-training Programme on “Recent Trends in Education & Training”**  
**for School Teachers scheduled to be held on 20<sup>th</sup> and 21<sup>st</sup> May 2015**

The pattern of teaching-learning has been changing rapidly which is obviously a great challenge for school teachers as they have to make a pace with these new developments in the field of Education & Training. The teaching pedagogy is in the phase of evolution with the rapid growth of internet, availability of media and exposure that the children have in the wider socio-cultural frame. The school children in their tendering age are highly becoming addicted towards cartoons, facebook, u-tubes that actually shadowing their capacity of imagination and connection with the reality. This often make them disinterested with their academic responsibilities and regular opportunities for physical activities, games and developing healthy peer relationship in schools and neighborhoods. Now-a-days children are away from park, adolescents are away from real friends and lives in coffin setup that paralyzed their human relationship, emotional growth and intellectual abilities. So, students require skills values and models. The proposed training programme would include sessions on communication skills, education and training, school mental health promotion and society, education and development etc. It would also deal with the emerging threats of different disasters that make the school community vulnerable to different risk and hazards.

**The participants of the Training Programme:**

- School Administrators
- School Teachers
- School Psychologists
- School Social Workers
- NGO Professionals Working in the field of Education
- Trainee Teachers
- Researchers of Social Science discipline

## **Fees (per participant):**

- Professionals : ₹ 700
- School Teachers: ₹ 500
- Research scholar/ trainee teachers: ₹ 300

## **About Gautam Buddha University:**

GBU is established by the Uttar Pradesh Act (9) of 2002. It commenced its first academic session at Greater Noida in August 2008. The University is fully funded by the New Okhla Industrial Development Authority (NOIDA) and the Greater Noida Industrial Development Authority (GNIDA), the undertakings of the Government of Uttar Pradesh. The University envisions to become a world class centre for excellence in education with a special focus to serve the under privileged and economically challenged sections of the society. The campus is modelled as a fully residential educational campus in line with the best institutions of higher learning across the globe. The uniqueness of its reputation is acknowledged through the format, content and pedagogy of its programmes and their relevance to the society. The University is recognized by the University Grants Commission under UGC Act and is a member of the Association of Indian Universities. In order to promote value-based education, research and training, the University has established eight schools of learning, which are:

- School of Management
- School of Biotechnology
- School of Information & Communication Technology
- School of Engineering
- **School of Humanities and Social Sciences**
- School of Vocational Studies and Applied Sciences
- School of Law, Justice & Governance
- School of Buddhist Studies & Civilization
