

## **Student Activity**

The Applied Chemistry Department has a student club "Free Radical Club" The objective of the Club to develop; Leadership, Organization and Management Skills, Creativity, self-expression in students. Under the club different activities are organized like:

Alumni meet – 7-02-16,

Mystery in Chemistry on 9-02-16

Quiz, Poster presentation 15-11-16 Students

Fresher's meet (2017 & 2018) in the month September (every year)

Farewell ( 2016,2017 & 2018) in the month May (every year)

B.Sc. students have made a student club named "**HTC**" which stands for "**Here's The Change**".

### **Club Construction:**

1. There will be 10-12 coordinating student members in the team of HTC.
2. Each member will be from different department of the school.
3. There will be equal say of each member on ideas and approaches for activities.
4. The activities will be scheduled without affecting the classes.

### **Activities Planned for future:**

Activity 1: Introductory Conference for introducing club HTC

Activity 2: School level competition (Details preparation are under process)

Activity 3: Science fair during Science Day ((Details preparation are under process)
