Vision

“A globally acclaimed integrated academic and research institution that creates a vibrant community of intellectuals and entrepreneurs endowed with **Character, Creativity, Competence and Commitment**, who can inspire meaningful transformations to ensure holistic growth and development of the society.”

Message From the Desk of Vice-Chancellor

This new Admission Brochure of the Gautam Buddha University for the Session 2019-20 is being brought with more than two dozen new programmes for the ensuing session. In all, the University has been offering almost 95 programmes to the prospective admission seekers for the 2019-20 session, encompassing many new and sunrise disciplines of studies. Among these new and sunrise areas of studies, the University has been introducing programmes in Artificial Intelligence, Business Analytics, Data Science, Railway Signaling & RAMS. etc. The University also proposes to introduce the three year B.Com (Hons.), three year B.A. Pass course, B.A (Hons.) insome new subjects, B.A. (Hons.)-M.A. in Buddhist Studies etc. to cater the needs of students, desirous to pursue such programmes in Commerce, Social Sciences and Humanities.

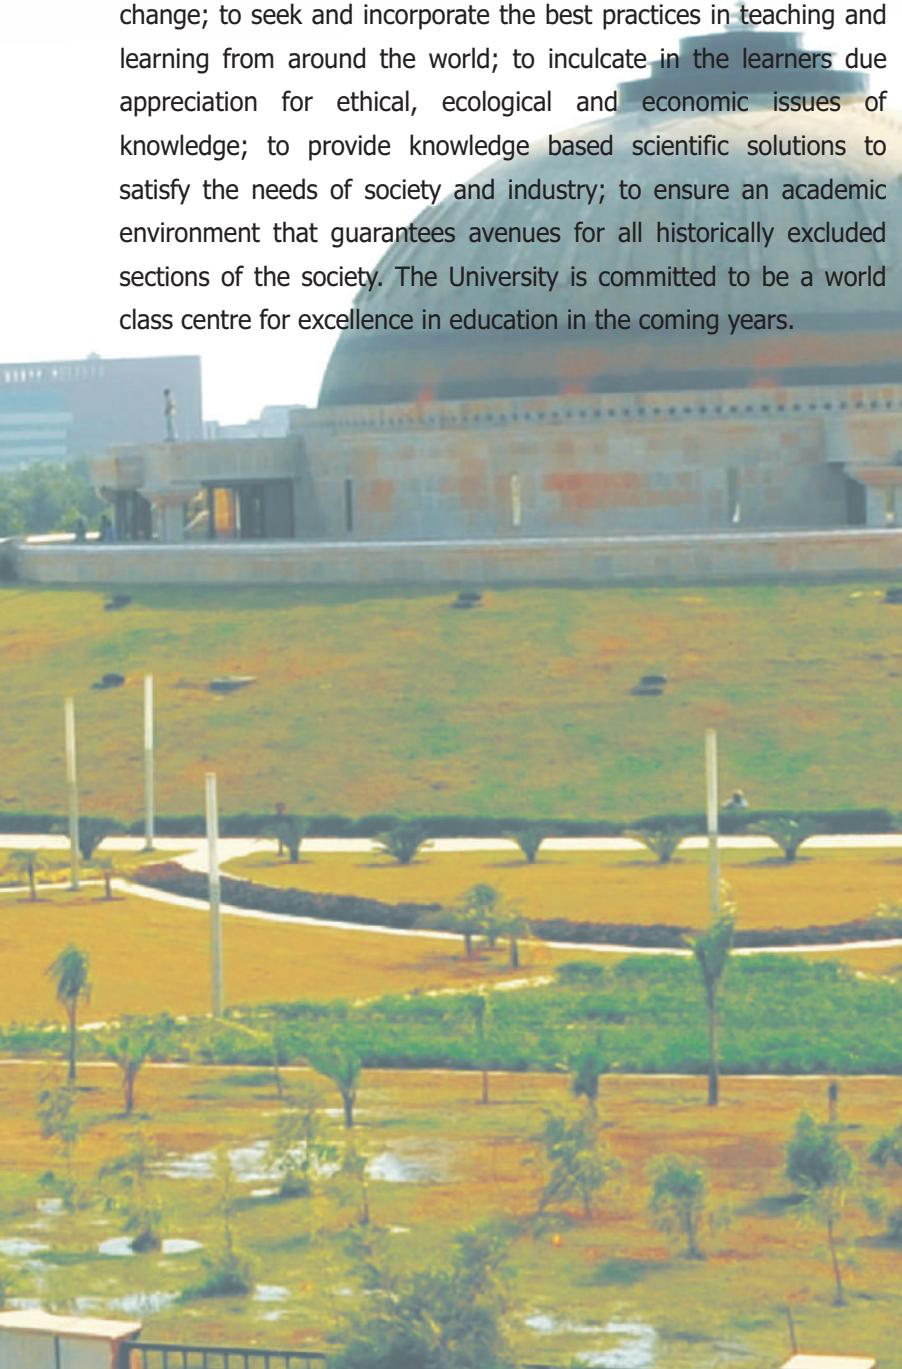

The University has been streamlining admissions in this session through online tests, in place of physical mode of written test. So, the University would be able to start counselling and admission from May end for 2019-20. The University has also increased the number of test centers to 64 in this session for the ease of students. The University also proposes to diversify the teaching-learning approaches to include several new and emerging pedagogical or teaching-learning approaches; including- andragogies, heutagogies, transformational pedagogies, peeragogy, problem based learning, project based learning, simulation etc.

The University also proposes to employ multiple endeavours, to enhance employability of the passing out students through several student development programmes. The overall thrust of the university is to enhance quality and innovativeness in teaching-learning and research, integrate our national ethos in teaching and endeavour to ingrain the ethics and values in the conduct and behavior of the students, passing out from this university. The university has a strong resolve to place the nation in the front rank of advanced nations, through quality education.

(Prof. Bhagwati Prakash Sharma)

ABOUT THE UNIVERSITY

Gautam Buddha University was established under the Uttar Pradesh Gautam Buddha University Act, 2002 (U.P. Act No. (9) of 2002), and came into existence in the year 2008. The University is recognized by UGC under section 2(f) and 12(B) of UGC Act, 1956 and is accredited by NAAC. The University is funded by the New Okhla Industrial Development Authority (NOIDA) and the Greater Noida Industrial Development Authority (GNIDA), the undertakings of the Government of Uttar Pradesh. The University envisions to integrated our **National Ethos, Rich Heritage** and the **Ancient Wisdom** with the education and research to invoke high standards of quality and innovativeness to be at par with international benchmarks. The mission of the University is to generate a community of scholars who can manage continuity and change; to seek and incorporate the best practices in teaching and learning from around the world; to inculcate in the learners due appreciation for ethical, ecological and economic issues of knowledge; to provide knowledge based scientific solutions to satisfy the needs of society and industry; to ensure an academic environment that guarantees avenues for all historically excluded sections of the society. The University is committed to be a world class centre for excellence in education in the coming years.

SCHOOLS OF LEARNING

In order to promote value-based education, research and training, the University has established the following Schools of Learning :

» **SCHOOL OF MANAGEMENT**

» **SCHOOL OF INFORMATION AND COMMUNICATION TECHNOLOGY**

» **SCHOOL OF BIOTECHNOLOGY**

» **SCHOOL OF ENGINEERING**

» **SCHOOL OF VOCATIONAL STUDIES AND APPLIED SCIENCES**

» **SCHOOL OF HUMANITIES AND SOCIAL SCIENCES**

» **SCHOOL OF BUDDHIST STUDIES AND CIVILIZATION**

» **SCHOOL OF LAW, JUSTICE AND GOVERNANCE**

THE CAMPUS

Gautam Buddha University has 511 acres of lush green campus at Greater Noida beside Yamuna Expressway has the buildup area of 8,000,000 sq.ft. The fully residential campus is modelled in line with the best institutions of higher learning across the globe. The design of the Gautam Buddha University is an integration of buildings, landscape, art, sculpture, and environment. These all complement each other and give a unique identity to the campus.

The University campus has an Administrative Block, eight Schools of Learning with auditorium and conference facilities, Central Library, University Auditorium with 3000 seating capacity, Sports Complexes, Health Care Centre etc.

A Meditation centre, named as Mahatama Jyotiba Phule Dhyan Kendra, is a grand domed structure echoing the architectural symbolism of Buddhist Stupa. The stupa, as per the Buddhist ritual and devotional practice has a path for circumambulation, or paradakshina. It is designed to visually tie the earth with the sky when viewed in the horizon.

Bodhisattva Dr. Bhim Rao Ambedkar Pustakalaya (Central Library) is a structural marvel designed with inspirational inputs from the Buddhist Traditions of Learning. The Library building, situated at the centre of the Gautam Buddha University Campus, symbolises the Crown of Buddha and the Eight Paths of learning in Buddhist Tradition and Practices. The building is the tallest one in the campus and marks our tribute to Lord Buddha. The library, constructed in approx. 1.78 lacs sqft. and spread over five storey, supports the University's mission to contribute to society through its pursuit of education, learning and research at the highest levels of excellence.

A water body spread over 1 lac sq. ft. area known as Mahamaya Shanti Sarovar is in the midst of the Schools of the University. Features like water recycling through lake and water bodies, natural lighting and ventilation, traditional elements like lattices, sunshades and domes allows to establish a strong link with the natural environment.

The roads layout plan in entire campus is in circulation system which keeps the complete vehicular movement restricted to the periphery of the campus allowing for a completely pedestrian-friendly environment. Separate tracks for cycles have been provided to move safely from one place to the other.

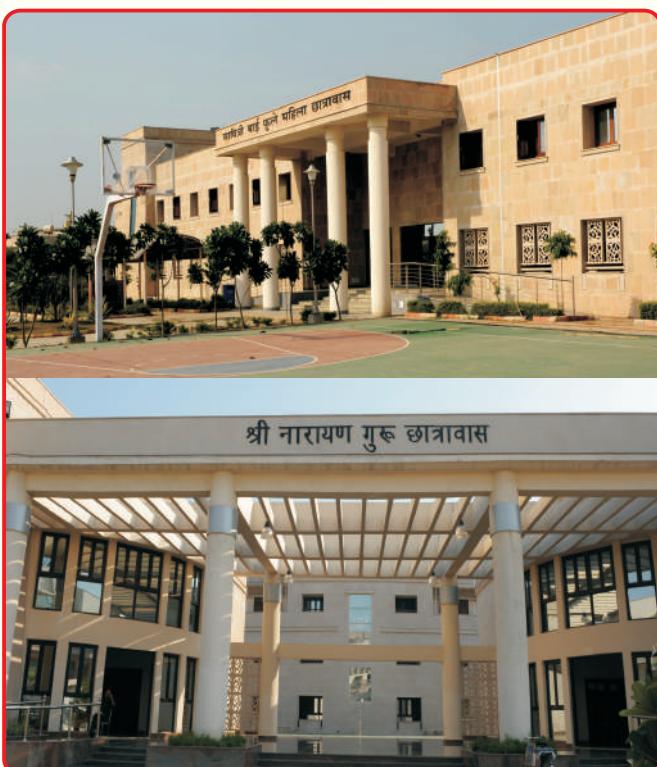

A state-of-the-art Sports Complex with the potential to hold international level events is another hallmark of the campus. The University has sports complex with world class facilities including Play Courts of Lawn Tennis, Basketball and Volleyball, Play Courts of Badminton, Cricket Practice Pitch, Football Ground and Gymnasium etc.

Entire campus is equipped with Wi-Fi facility with 1GBPS Internet Speed. It has 24 hours power backup/Bank with ATM facility /Post Office /Dispensary /24 hours Ambulance Service /Shopping Centre and 18 hostels (12 for boys and 06 for girls), an International Guest House and Convention Centre.

1.1 BASIC FACILITIES

The University has a strong physical infrastructure in terms of its School buildings, Sports Complexes, Hostels, Gymnasium, Play grounds, International Convention Centre, Auditorium and a well equipped Guest House. Excellent internal roads, gardens, illuminated campus, state-of-the-art IT enabled class-rooms, laboratories and other amenities, well maintained hostel buildings make the University an incredible place for study. A rich library facilities with well stacked books, journals, magazines, separate reading and reference sections and modern e-resources with free-access to a large number of e-journals and e-books makes it a very significant source of learning.

- Hostel :** There are 10 boys hostels (3 under construction) and 5 girls hostels on single occupancy basis in the University. Hostels are generally equipped with many facilities like internet, common rooms, separate T.V. and visitor's rooms, play courts of table tennis, reading rooms, first aid facility, indoor games facility, gymnasium, badminton court, volleyball court, basketball court etc. Each room in the hostel is provided with an internet connection. All the hostels are supported by the solar water heating systems which

ensure supply of hot-water during winters. Limited accommodation is also available for the full time married research scholars. Presently, there is one hostel for married research scholars (MRS) for full time Ph.D. Students. MRS consists of two-room apartments having all necessary infrastructure. Foreign National students also share the MRS facility. Foreign Nationals, admitted in various programmes of the University, irrespective of their marital status are given priority for MRS accommodation.

Cafeteria: University is equipped with Cafeteria operational in different School buildings.

- **University Health Care Centre:** The multifarious medical needs of the Campus residents including students, faculty, staff members and their dependents are met by the University Dispensary. University Health Care Centre has a dispensary with doctors, nurses, in-house ambulance facility and free medication for all students. It provides all first aid medicines, physiotherapy, nebulization, ECG, pulse-oxymeter, blood sugar check-up, oxygen cylinder facility, wheel chair and 24 hours emergency ambulance services. The Centre has tie-up with Yatharth Wellness Hospital, Greater Noida. Along with Health Care Centre, there is Clinical Psychology Laboratory which offers OPD services, e.g., Mental Health Clinic, Child and Adolescent Clinic,

Neuro-psychological Clinic, Mental Retardation and Development Pathology Clinic, De-addiction Clinic and Psychosexual Clinic on specific week-days. In addition to the above, a Medical University with 500-beds capacity is located in the vicinity of Gautam Buddha University. Additionally, University organizes annual free health check-up camps, yoga camp, voluntary blood donation camps in association with Red Cross Society and Rotary Blood Bank along with providing health education for visiting patients in dispensary by medical professionals.

- **Transport facilities:** GBU is a residential campus for students, faculty and staff. There is availability of University bus service to provide need based transport facility for educational tours, seminars and conferences etc. Separate tracks for cycles have been provided to move safely from one place to the other.

- **Facilities for differently-abled persons:** With special consideration for differently-abled persons, the University has provision of 3% reservation in the admissions as per UP State reservation policy. For 'Barrier Free Access' the University has constructed ramps at all Schools/Departments, administrative building, central library, hostels and shopping complex. There is a facility of lifts in all the Schools, administrative building, and central library with separate wash room facility in all the School buildings.

1.2 CENTRAL COMPUTER CENTRE (CCC)

The Central Computer Centre (CCC) caters to the IT needs of the University and provides access to internet resources as well as telecommunication facilities. The Campus network is carefully planned, keeping in view options for future expansions. Fibre-optic cabling is used to connect all the major buildings. The Campus is equipped with Wi-Fi connectivity. The CCC has strong IT security infrastructure that protects the University network from hackers. Most of the servers are using open source platform.

The Campus network connects to Departments, Schools and Centres. Network connectivity is also provided to the remote locations which include Student Hostels, Hospital, Guest House, etc. In addition to the above, Computer Centre also has web-based email system. The network access is structured by UTP network using L2 & L3 Cisco switches. Connectivity is provided over the campus telephone network using ADSL with installed capacity of 900 lines. GBU facilitates a strong network with more than 6000 nodes to all campus resident users. The LANs in each area of the network have 10/100/1000 mbps transmission capacity and are linked through fibre optic cables. Campus has taken 1 Gbps leased line for

Internet connectivity from BSNL. Bandwidth is distributed to the 6000 nodes in the Campus with Cisco switches. Network security is provided with restricted access. The Campus provides its students the necessary technological skills to upgrade or share their knowledge. A robust campus network is provided to every student for accessing internal servers and the Internet.

1.3 BODHISATTVA DR. BHIM RAO AMBEDKAR PUSTAKALAYA (CENTRAL LIBRARY)

Bodhisattva Dr. B. R. Ambedkar Library is the soul of academic and research activities of the Gautam Buddha University. The library is fully automated and functional with libsys and RFID system with having a huge volume of books and e-journals which cover various subjects like Management, Computer Science, Engineering, Applied Sciences, Information Technology, Biotechnology, Humanities, Social Sciences, Law & Governance, Buddhist Studies etc. The library is well equipped with modern facilities, spacious stack halls and reading hall with 2000 seating capacity, reference sections, catalogue area and computer work stations at each floor of the library to access internet resources. These clubs help students to explore their own capabilities as budding managers, performers and thinkers. Various events and activities held throughout the year give exposure to the students and help them to think out of box.

1.8 MAHATMA JYOTIBA PHULE DHYAN KENDRA

The Mahatma Jyotiba Phule Dhyan Kendra aims to create a community around the pursuit of living a more mindful, reflective and skillful life. It focuses to develop the meditation skills of its members and foster discussion of matters of practical importance. Personality trait and mindfulness are associated with a way we understand ourselves and those around us and consequentially be able to demonstrate skills to respond to the

society peacefully. These skills could be, for example, working with others, solving problems, making with decisions, and adapting to change. At Mahatma Jyotiba Phule Dhyan Kendra, University sessions a course on Bodhi Meditation, a kind of Vipassana Meditation method, which is a practical way to achieve peace of mind to lead a contented life. The course provides, at a minimum, an hour of meditation each week for students to come and learn about not only what various types of meditation and mindfulness are, but also why it is important and how meditation is applied to daily life. Every participant is welcomed to share insight, stories, thoughts etc. as such sharing of experiences is a learning opportunity for everyone. Every visit is a chance for the students to centre themselves with a calm mind and develop clarity of perception, a sense of healing and the ability to connect to an inner source of energy.

1.9 STUDENTS SUPPORT AND PROGRESSION

Each school has an efficient and competent system for student support and mentoring to provide academic, career and psychological counselling to the students. Students are supported through mentoring in academic studies, sports and cultural activities. They are guided for the development of their soft-skills and communication skills. They are counselled to develop professional competitiveness as well as ethics, human values, sense of social responsibility and environmental consciousness. Students are encouraged to participate in activities for social and community services.

The University has facilities like ramps and other basic facilities in all the Schools & Hostels and other premises for the differently-abled students. The University is very sensitive to the issues of gender equality and has 'Gender-Sensitive Policy'. Students are encouraged to maintain gender discrimination free environment. Street plays/Skits related to such issues are enacted in the campus every year by students of various cultural groups. Debates/Talks are organized for encouraging students to make campus a safe place for every student irrespective of gender and culture. The

University also organizes various events to promote women empowerment and has a zero tolerance policy for issues related to sexual harassment.

Membership: GBU is member of AIU vide ref. no. Meet/84-AM/2009/289139-73.

Bar Council of India (BCI): The School of Law, Justice & Governance (SoLJ&G) offers a five years Integrated BA. LL.B. programme accredited by Bar Council of India (BCI).

Rehabilitation Council of India (RCI): The Department of Psychology & Mental Health in School of Humanities & Social Sciences offers programme accredited by Rehabilitation Council of India (RCI).

Council of Architecture (CoA), India: The Department of Architecture & Planning in School of Engineering offers Five-Year Degree Programme (B. Arch.) in Architecture accredited by the Council of Architecture (CoA), India.

National Council for Teacher Education, India (NCTE): The Department of Education & Training in School of Humanities & Social Sciences offers Two-Year B.Ed. Programme accredited by NCTE.

2.1 SCHOOL OF MANAGEMENT

The School has leveraged the flexibility in the curriculum design to mould it according to the fast changing regional and global context. It has been offering some unique courses and programmes, which has been quite popular among students and industry. The Five Year Dual Degree Programme BBA-MBA [with exit option after BBA] makes possible to cater pool of electives in the areas of Finance, Marketing, HR etc along with multiple summer training opportunities with foreign language during the programme. The School has state of the art classrooms equipped with computing and multimedia facilities and supported by an extensive library of books, journals, films & databases. The curriculum of all its academic activities has international and cross cultural focus. The School offers Two-Year MBA Programme with specialization in HRM, Marketing, Finance, Operations, Information Technology and Strategy etc. Further, SoM promotes diversity in MBA Programme by inducting students in the same from across various Schools of the University, thus encouraging multi-disciplinary learning.

DETAILS OF PROGRAMMES

- **Dual Degree Programmes (Five Years):**
BBA-MBA (with exit option after BBA),
B.Com (Hons.)-MBA (with exit option after B.Com)
- **Under Graduate Programmes (Three Years):**
B.Com (Hons.), B.Sc. in Hotel Management
- **Postgraduate Programmes (Two years)**
MBA (HRM/Finance/Marketing/Strategy/Operations)
MBA (Business Analytics)
MBA (Executive Programme)

Master of Tourism & Travel Management
(MTTM)

Master of Hotel Management (MHM)

- **Doctoral Programme** in various areas of Management.

LABORATORIES: Computer Labs, Professional Development Lab & Communication Lab

2.2 SCHOOL OF INFORMATION AND COMMUNICATION TECHNOLOGY

The School of Information and Communication Technology (SoICT) has been progressing towards excellence in the field of technical education and research. The School aims to produce competent professionals having strong sense of social responsibilities and to become a hub of research and development activities of national and international recognition. The academic programmes are designed in line with the best Universities around the world. The School combines the best practices of pedagogy and class room teaching, complemented by practical training and experiential learning.

DETAILS OF PROGRAMMES

- **Under Graduate Programmes (Four Years)**
B.Tech. in CSE/ECE/IT/AI
BCA (3 Years)
- **Post Graduate Programmes (Two Years)**
M. Tech. in CSE (SE/AI&R/Data Science)
M. Tech. in Computer Science
M. Tech. in ECE (WCN/VLSI/Railway Signaling, Telecommunication & RAMS)
MCA (3 Years)
- **Doctoral Programme** in various areas of Computer Science and Engineering, Electronics and Communication Engineering.

LABORATORIES: Computer Lab-1, Computer Lab-2 Computer Lab-3 (Windows Operating Systems), Basic Electronics Laboratory, Electronic Circuits Lab, Logic Design Lab, Artificial Intelligence & Robotics Lab, Wireless Technologies Lab, Optical Communication Lab, Analog Communication Lab, VLSI Design Lab, DSP Lab, Microprocessor and interfacing Lab, Microwave & Antenna Lab, Electronics Workshop, Computer

Networking Lab, Expert System Lab, Multimedia Technology Lab, Parallel Processing Lab, Advance Digital Communication Lab, Research and Projects Lab, Open Source Software Lab, Embedded System Lab, Image Processing Lab and Computer Vision Lab.

2.3 SCHOOL OF BIOTECHNOLOGY

The objective of the School of Biotechnology (SoBT) is to generate high quality professionals and researchers by offering different academic programmes in Biotechnology and to develop a premier biotechnology teaching and research department catering the needs and challenges of the region and the country. The department's vision is to provide quality teaching with a strong core science concepts and an application-oriented undergraduate and post-graduate education along with solid foundation in the rapidly expanding fields of biotechnology that enable them to produce high quality professionals. Our goal is to provide students with a sound knowledge and understanding of current theories, concepts and laboratory practices in Biotechnology, such as molecular biology, biochemistry, microbiology, immunology, genetics and cell biology, which are in turn linked to practical disciplines like chemical engineering, physics, and information technology. The School is dedicated to provide quality service through teamwork, partnerships and developing research spirit for the professional strength of community and individual.

The department has a young, enthusiastic and well qualified faculty actively involved in teaching and research. The teachers are available to the students for academic as well as personal counselling. The department has been encouraging the students to independently think as well as implement research ideas. The School is an active centre of basic and applied research. The faculty members of the School can clearly be distinguished in terms of proven academic engagement, diverse backgrounds, and sponsored research projects from National and International funding agencies. The School of Biotechnology has organized a number of Seminars, Conferences, Workshops and Awareness Programmes through regular lectures by the Expert Faculty and the eminent Guest Lecturers. The department is well equipped with all the necessary instruments and number of research facilities. At present, the School offers the following programmes:

DETAILS OF PROGRAMMES

- **Integrated Degree Programme (Five Years)**
Integrated (**B. Tech. -M. Tech. / MBA**) in Biotechnology (without exit and lateral entry options)
- **Post Graduate Programmes (Two Years)**
M. Tech. (Biotechnology)
M.Sc. (Biotechnology)
- **Doctoral Programme** in various areas of Bio-technology.

LABORATORIES: Apart from basic laboratories the School has state-of-the-art research facilities and laboratories including advanced Plant and Animal Tissue Culture Lab, Molecular Biology Lab, Microbiology Lab, Bioprocess and Fermentation Lab, Genomics & Proteomics lab, Environmental Biotechnology Lab, Advanced Central Instrumentation Facility and Bioinformatics Lab for postgraduate/doctoral students.

2. 4 SCHOOL OF ENGINEERING

The School of Engineering (SoE) has earned recognition for its commitment to excellence from its inception. The School has the best and most experienced faculty helping the students to develop technical expertise but also guiding them for various event and workshops that require self-commitment, problem-solving skills, field trips and internships. The School has upheld commitment to the liberal skills and aptitudes in all their breadth and depth. The SoE encourages students to expand their talents and skills not only in technical education but also in career

enhancement and personality building too. The School also offers numerous leadership opportunities with various technical and professional augmentation establishments viz. the SAE-GBU Collegiate club, GBU-IEEE Student Chapter, CEAS-GBU. A strong technical core forms the foundation for a wealth of Bachelor, Master and Doctoral degree programs offered through SoE. The School is enriched by Civil Engineering, Electrical Engineering, Mechanical Engineering and Architecture & Regional Planning departments.

DETAILS OF PROGRAMMES

- **Under Graduate Programmes (Four Years)**
B.Tech. in CE/ME/EE
Bachelor of Interior Design (**B.I.D.**)
- **Under Graduate Programmes (Five Years)**
Bachelor in Architecture (**B. Arch.**) (**Five Years**)
- **Post Graduate Programmes (Two Years)**
M. Tech. in CE (Specialization: Structural Engg.)
M. Tech. in EE (Specialization: I&C/PED/PS/RES)
Master of Urban & Regional Planning (**MURP**)
- **Doctoral Programme** in various areas of Electrical Engineering, Mechanical Engineering, Civil Engineering and Architecture & Planning.

LABORATORIES:

Civil Engineering: Material Testing Lab, Concrete Lab, CAD Lab, Structural Analysis- I, Transportation Lab, Soil Mechanics Lab, Environmental Engineering Lab, Advanced Environmental Engineering Lab, Surveying Lab, Engineering Graphics Lab, Building Design & Drawing Lab, Design Lab, Remote Sensing & GIS Lab, Hydraulics Lab.

Electrical Engineering: Electrical Technology Lab, Electrical Machine Lab, MATLAB Programming Lab, Power System Lab, Switchgear and Protection Lab, Measurement and Instrumentation Lab, Network Theory Lab, Power Electronics Lab, Electric Drives Lab, Control System Lab, Bio-medical and Virtual Instrumentation Lab, Digital and Non-Linear Control Lab, Distribution Network Lab, Power System Simulation Lab, Advance Electric Drives Lab, Power Converter and Simulation Lab, Advance Instrumentation and Control lab.

Mechanical Engineering: Engineering Workshop, Fluid Mechanics Lab, Fluid Machines Lab, Automobile Lab, Dynamics of Machine Lab, Manufacturing Lab, Refrigeration and Air conditioning Lab, Vibration Lab, Advance Thermal IC Engine Lab. Upcoming Labs: Meteorology and instrumentation Lab, Advanced Manufacturing Lab – I & II.

Architecture & Planning: Model Making Lab, Building Material Lab, Eco-Design Lab, Auto Cad Lab, Construction yard, Art Court, Climatology Lab, Photography Lab, Labs shared with Civil – Survey lab, GIS & Remote sensing Lab.

2. 5 SCHOOL OF VOCATIONAL STUDIES AND APPLIED SCIENCES

The School of Vocational Studies and Applied Sciences (SoVSAS) comprises of primary disciplines of Chemistry, Mathematics and Physics along with two inter disciplinary subjects, Environmental Science and Food Processing & Technology. All academic programmes of the School lay emphasis on the integration of the existing theoretical knowledge with

practical applications. Through its academic and research staff, the School possesses a huge depth and breadth of scientific & technological knowledge. The School offers core courses in Physical, Chemical and Mathematical Sciences to undergraduate students of all branches of Engineering, Biotechnology and Information & Communication Technology. The School has been successfully running doctoral/ postgraduate programmes in Applied Chemistry, Applied Mathematics, Applied Physics, Food Processing & Technology, Food and Environmental Science since 2012. The School has started its undergraduate programme, B.Sc. in Physical Sciences from the academic session 2016-17. These programmes of the school support specialized interdisciplinary fields of teaching, research and industry engagement in polymer chemistry, green chemistry, pharmaceutical chemistry, environmental science, food technology, photonics & optoelectronics, semiconductor optoelectronics devices, plasmonics, thin films, nanotechnology, computational fluid dynamics, operations research, ordinary differential equations; cryptography, number theory and mathematical problems in extreme weather events. The School has been very active in conducting workshops and organizing national and international conferences and seminars and has a very good research profile.

DETAILS OF PROGRAMMES

- **Under Graduate Programmes (Three Years)**
B.Sc. in Physical Sciences (PCM/PM & Computer Sc.)
B.Sc. (Hons.) in Physics/Chemistry/Mathematics
- **Under Graduate Programmes (Four Years)**
B. Tech. in FPT, **B.Tech** in Dairy Technology
- **Postgraduate Programmes (Two years)**
M.Sc. in (i) Applied Chemistry (ii) Applied Mathematics (iii) Applied Physics (iv) Environmental Science and (v) Food Science
M. Tech. in Food Processing & Technology.
- **Doctoral Programme** in various areas of Applied Chemistry, Applied Mathematics, Applied Physics and Environmental Science.

LABORATORIES: Apart from basic laboratories for undergraduate Engineering and Science students, the School has advanced practical and computational laboratories in various disciplines for postgraduate /doctoral students.

2. 6 SCHOOL OF HUMANITIES AND SOCIAL SCIENCES

The School of Humanities and Social Sciences (SoHSS) is interdisciplinary in approach. It plays the pivotal role of exposing the students to an environment that is conducive to develop understanding of contemporary social issues through inter-relationship of science, technology and management. The School has a unique and distinctive role of hosting creative educational programmes that focus on creating holistic understanding of complexities of life in social context with emphasis on Indian cultural values. The School is committed to provide an interdisciplinary and integrative pedagogical interface to learners so as to nurture them into competent human beings. The academic programmes, designed in line with the best Universities around the world, combine the best practices of pedagogy and class room teaching, complemented by practical training and experiential learning. The School encourages research and focuses on providing its students with an atmosphere for rigorous academic and intellectual development. For the fulfilment of its teaching and research goals, the School has competent faculty members who keep pace with the current developments in their fields of specialization. The School is equipped with

the avant-garde facilities for the students and supported by state-of-the-art central library with large collections of books, journals, audio-visual aids and other learning materials. At present, the School offers the following Programmes:

DETAILS OF PROGRAMMES

- **Under Graduate Programmes (Three Years)**
 - B.A. (Hons.)** in English, Political Science, Applied Psychology, Hindi, Urdu, Sociology, History, Economics
 - Bachelor of Arts (B.A.)**
 - Bachelor of Social Work (BSW)**
 - Bachelor of Library & Information Sc. (B.Lib.I.Sc.)**
- **Bachelor of Education (B.Ed.) (Two Years)**
- **Postgraduate Programmes (Two years)**
 - M.A.** in (i) Education (ii) Economics, Planning and Development (iii) English (iv) Hindi (v) Urdu (vii) Sociology (vii) Political Science and International Relations (viii) History and Civilization.
 - Master of Social Work (MSW)**
 - M.A./M.Sc.** (Applied Psychology)
- **M.Phil.** (Clinical Psychology)
- **M.Phil.** (Political Science & International Relations)
- PG Diploma in English Language Teaching (**ELT**)
- Diploma in Urdu Language
- **Doctoral Programme** in various areas of Humanities and Social Sciences.

LABORATORIES:

- Clinical Psychology Laboratory & OPD Services: Mental Health Clinic, Child and Adolescent Clinic, Neuro-psychological Clinic, Mental Retardation and Development Pathology Clinic, De-addiction Clinic and Psychosexual Clinic, on specific week-days.
- **Social Work Lab:** Social Work Practice Learning Laboratory.
- Psychology Lab, Social Science Lab, ICT Lab, Curriculum Lab.

2.7 SCHOOL OF BUDDHIST STUDIES AND CIVILIZATION

The School of Buddhist Studies and Civilization (SoBSC) has been set up with a vision to produce the erudite scholars and distinguished researchers in the field of Buddhist Studies in order to develop and cater their knowledge to serve the humanity. The School adopts interdisciplinary and multidimensional approaches with the help of other sciences and social sciences like Archaeology, History, and Philosophy etc. for producing scientific researches. The School is well supported by talented and innovative faculty members, who are striving hard to establish the School as an institution of repute with their pioneer researches, conference participations, and academic endeavours and able to encourage scientific inquiry and inquisitiveness among the students as well as academicians. Our vision is to establish the School of Buddhist Studies and Civilization, Gautam Buddha University as a major research Centre of the world. Keeping pace with the disciplinary advances, the programme would address learning about ethical, psychological, historical, philosophical, economic, transnational, trans-cultural, and linguistic expertise at individual, social, national, and international level. It would facilitate acquisition of specialized knowledge in Buddhist History, Philosophy, and Literature existing in Pali, Sanskrit, Chinese, Burmese, Sinhalese and Tibetan languages and their literature. With a very rich library, a grand meditation centre, a serene campus, the School promises a very productive academic engagement and practice of Buddhist techniques of Vipassana meditation under qualified supervision. In addition to the above, the School provides an ideal forum for cross-cultural and international dialogues, with regular sessions with scholars, conventions, symposia, seminars, conferences, lecture series, etc. It is open to academic collaborations, joint research programmes and faculty & student exchange programmes with academic institutions of repute dedicated to Buddhist Studies. In these programmes not only Indian but foreign students are also enrolled. School is running compulsory courses of "Human Values & Buddhist Ethics" and "Buddhist

Moral Values and Contemporary Society" for UG and PG programmes respectively. The School has MoU with Dhammachai International Research Institute, based in New Zealand, MoU with MIMC, Leh, and many more MoUs with institutions of repute in South Korea, Taiwan, Vietnam, Myanmar, Thailand, Sri Lanka etc. are in progress and will take their final shape in near future.

DETAILS OF PROGRAMMES

- **Under Graduate Programmes (Five Years)**
BA(Hons.)-MA in Buddhist Studies & Civilization (with exit option after 3 years)
- **Post Graduate Programmes**
M. A. in Buddhist Studies & Civilization
M. Phil. in Buddhist Studies & Civilization
- **Diploma and Certificate Programmes**
Certificate Course in Pali Language and Literature (One Semester)
Post Graduate Diploma in Pali Language and Literature (Two Semesters)
Post Graduate Diploma in Buddhist Tourism and Heritage (Two Semesters)
- **Doctoral Programme** in various areas of Buddhist Studies & Civilization

2.8 SCHOOL OF LAW, JUSTICE AND GOVERNANCE

School of Law, Justice and Governance, being integral part of Gautam Buddha University, has been operational since 2011 with its core objective to promote teaching, learning, research and innovation in the fields of law and governance in pursuit of its objective, the School now runs three programmes at three different programmes in the Department of Law, Justice and Governance: Integrated

five year BA LLB at graduation level; LL.M. (one year) at Post Graduation level; and Ph.D. in the diverse fields of Law. The School is in its nascent phase; however, the first batch (2012-17) of BA LLB programme has completed its five year course. The ongoing BA LLB programme of the School attempts to strike a right balance between the compulsory subjects prescribed by the Bar Council of India (BCI) and subjects emphasizing the interface between law and governance. The Post Graduate LL.M. programme, which started in 2017, is directed towards more advanced legal studies by following directives of the University Grant Commission (UGC) and necessity of promoting high standard disciplinary knowledge among students. Without research and innovation no centre of learning can attain excellence; and therefore, the School envisages endorsing high quality research in the multi disciplinary fields of law and governance. The Ph.D. programme of the School vigorously takes up this noble objective. Moreover, the School aims to set the fine balance between the theoretical knowledge with practical learning and development of skills and professional attitude through clinical legal education. The students are guided to participate in moot-court practice, debate, essay writing and project work to instill in them the confidence to take up the challenges of their future career more prolifically and proficiently.

The School currently employs highly motivated and dedicated full-time academicians, who have doctoral degrees in various fields of Law, Social Sciences and Humanities from different nationally and internationally reputed Universities/Institutions.

The Computer Lab:

A computer lab at the School has been set up to have an access to the online journals including AIR etc.

The Legal Aid Centre:

The School under BCI mandate has set up the Legal Aid Centre in collaboration with District Legal Service Authority (DLSA) to provide free legal aid to the marginalized section of the society.

DETAILS OF PROGRAMMES**• Under Graduate Programme**

B.A. LL.B. (Integrated Five-Years Programme)

• Post Graduate Programme

LL.M. (One Year)

• PG Diploma in Business & Economic Laws**• Doctoral Programme** in various areas of Law and Interdisciplinary Fields.

School Library: An E- library at the School has been set up to have an access to the online journals, including SCC online, AIR etc.

For being eligible to seek lateral entry to an engineering degree programme at the second year/third semester level, a candidate must have passed the diploma in Engineering/Technology in the relevant branch with minimum 60% marks in aggregate or B.Sc. mathematics as a subject with 60 percent marks in aggregate. Only candidates fulfilling above stated conditions would be eligible for appearing in the entrance test meant for

selection of diploma holders/B.Sc. for Lateral entry to degree programmes. The selection of candidates will be based on an entrance test, the merit ranking in the test being the basis of admission. The seat matrix for these candidates for Academic Year 2019-20 is as under:

- LE01 Branch code applicants will appear in the Computer Based Online Entrance test for **UIE1** programme code.

Programme Code	Name of Programme	Eligibility Criteria	No. of Seats
LE01	B.Tech. in Electrical Engineering	Candidate must have passed the diploma in Engineering/Technology in the relevant branch with minimum 60% marks in aggregate (55% for SC/ST) or B.Sc. with mathematics as a subject with 60% marks in aggregate (55% for SC/ST).	03

IMPORTANT NOTE:

- **GPTU** stands for General Proficiency Test for Under graduates, **GPT** stands for General Proficiency Test for Postgraduates, **GPTR** stands for General Proficiency Test for Research scholars.
- Number of seats indicated in all the above mentioned programmes may increase or decrease.
- Qualifying exam only from Govt. recognized National/ International bodies/National level board (s)/State level board (s) shall be considered for admission in various programmes of the University.
- **A separate Application Form has to be filled in for each programme(s) having distinct code(s).**
- The entrance test will be common for all B.Tech. and Integrated B.Tech-M.Tech(Biotech.)/MBA programmes in SoE, SoICT, SoVSAS & SoBT as per the eligibility criteria applicable to a particular branch/programme. The branch/programme allocation will be done based on the choices filled by the candidates during the online counselling as per merit, subject to meeting the desired eligibility criteria and provided that he/she has applied for the same as per applicable GBU norms.
- The entrance test will be common for all PG programmes in SoM. The programme will be allotted according to the candidate's choices filled at the time of online counselling. Separate merit list will be prepared for each programme.
- The entrance test will be common for Dual-Degree BBA-MBA & Dual Degree B.Com.(Hons.)-MBA programmes. The programme will be allotted according to the candidate's choice filled at the time of online counselling. Separate merit list will be prepared for each programme.
- The combinations (PCM/PM & CS) for B.Sc. (Physical Sciences) will be offered at the time of Online counselling. Separate merit list will be prepared for each combination.
- In case of M.Tech (CSE, ECE & EE) programmes, specialization will be given at the time of online counselling as per merit. Programme will be allotted according to the candidate's choices filled at the time of online counselling. Separate merit list will be prepared for each programme.
- It is the sole responsibility of the candidates to ensure that the test score(s) through which he/she is applying

for admission to a particular programme is **valid**. The submission of application form does not guarantee the fulfilment of eligibility for that programme. In case of any ambiguity about the validity of test score(s), the candidates may choose to apply through entrance test **on or before 3rd May, 2019**, as applicable.

- The exit option (after 3 Years) rules in case of Dual - Degree Programmes shall be as per GBU norms.
- The counselling schedule will be available on GBU website in due course of time. The Candidates will be solely responsible for not reporting on the scheduled counseling date and time.
- Students may be considered for branch upgradation after completion of first year of 4-year degree programme subject to availability of vacant seats.
- University recognizes CA & CS qualifications (along with graduation degree) as equivalent to post graduation for the purpose of admission in Ph.D. programme in relevant area in the School of Management.
- The admission in the programme shall be provisional until the candidate furnishes all the required documents, fee and testimonials etc. including final results of the qualifying examination. **The University reserves the right to cancel the admission of student (s) at any point of time if there is any discrepancy found in the eligibility of his/her candidature as per eligibility criteria laid down in the Admission Brochure 2019-20.**
- The candidate appearing in qualifying examination may also apply. However, the candidate should have completed all the requirements (theory/practical and viva- voce etc.) of the award of qualifying examination before the commencement of the session. Result awaiting candidates should not have any back papers in previous years. They would take admission solely on their risk. Also, it is mandatory for all such candidates to submit the final result of the qualifying examination **latest by 30th September 2019**, and meet the eligibility criteria as laid down in the Admission Brochure 2019-20. Non-fulfillment of this condition will automatically result in the cancellation of the provisional admission.

- For LLM Programme, the weightage to entrance test and interview will be given as 70% & 30%, respectively. The interview will be based on work experience, publications and statement of purpose as per UGC norms.
- The candidates applying for MBA (Executive Programme) have to produce "No Objection Certificate (NOC)" from their current employers at the time of counselling for admission (if called for the same).
- A self attested copy of valid score(s), as applicable, will be required at the time of interview/counseling for admission.
- The Minimum no. of students to run any programme will be kept atleast 15 (Fifteen) or 50% of seats advertised, whichever is lower. However, the Vice Chancellor of the University will be the final authority to take decision in this regard.

For Ph.D. Programme

- For Working Professional category in Ph.D. programme, a candidate is required to have two years of teaching and/or research experience in National Institutes of higher learning/Universities/Central Laboratories or two years experience in Industry/R&D of an industry at an appropriate level.
- The Ph.D. scholars in the Working Professional mode are required to complete their course work in class-room mode during first year.
- Ph.D. applicants would be required to submit a tentative Research Proposal in approx. 1500 words as per the given area of research. In the title page of the Ph.D. proposal, the discipline and the mode of admission (Full Time/Working professional) should be specified. They may also submit the list of publications or other research credentials, if any.
- The Ph.D. applicants (in Working Professional mode) are also required to produce a letter of consent from his/her organization for providing sufficient facilities and time for completing the course work and conducting the research. (To be produced at the time of interview for Ph.D. programme)
