

9th International Conference on Heterogeneous Networking for Quality, Reliability, Security and Robustness

Call for Papers

Welcome to

QSHINE 2013, 9th International Conference

on Heterogeneous Networking for Quality, Reliability, Security and Robustness, that will be held at Gautam Buddha University, Greater Noida, NCR, Delhi, India on January 11-12, 2013

The objective of this conference is to emphasize the recent technological developments in the areas of Network Communication, VLSI Systems and cover a wide range of issues related to Quality of Service, Reliability, and Security in the realm of Information & Communication Technology. The aim of the conference is to bridge the gap between the technological advancements in the industry and the academic research. Thus this conference will provide a common platform for the Professionals, Experts and Researchers to interact with each other to exchange their innovative ideas.

Special Sessions

Workshops, Demos and Tutorials as special sessions are welcome.

Best Paper Award

The program committee will designate three papers accepted to the conference as QShine Best Papers. The winners will be declared during the conference and will get awards.

Highlights

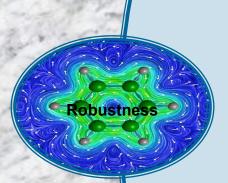

- The event is endorsed by the European Alliance for Innovation, a leading communitybased organization devoted to the advancement of innovation in the field of ICT.
- All accepted papers will be published by Springer LNICST and made available through Springer Link Digital Library, one of the world's largest scientific libraries.
- Proceedings will be submitted for indexing by DBLP, ACM, Google Scholar, ISI, EI Compendex, Scopus and many more.
- Best Papers will be recommended to publish in special issues of following journals
 - Journal of Computer and System Sciences, Elsevier [SCI-indexed, IF:1.631]
 - Journal of Research and Practice in Information Technology [SCI-indexed, IF:0.231]
- International Journal of Computer Science Issues [Indexed by Elsevier, DBLP]
