1. VISION

A globally acclaimed integrated academic and research institution that creates a vibrant community of intellectuals and entrepreneurs endowed with Character, Creativity, Competence and Commitment, who can inspire meaningful transformations to ensure holistic growth and development of the society.

2. FROM THE DESK OF THE VICE CHANCELLOR

Globalization has accelerated changes in the world order and consequently has raised new demands in industry and academia as well. In order to meet these demands, we, at Gautam Buddha University, have initiated a new model of Enlightened Education to address the needs of the new order and promote higher education and research in new emerging areas in the field of Biotechnology, Information Technology, Engineering and current practices in Management. We foster our mission for excellence in education and training coupled with a value-based intellectual growth. The approach of our programmes is non-sectarian, scholarly and critical, relying on the Buddhist scholarship and its applicability in restoring supermacy of peace, co-existatance, and growth in totality. Our fundamental commitment towards social responsibility derives inspiration from the Social Transformation Movement initiated by Mahatma Jyoti ba Phule, which later was carried forward by Bodhisatva Baba Saheb Dr. Bhim Rao Ambedkar.

With emphasis on the rigorous training and education of our young aspirants, we ensure experiential learning and cutting edge research in various fields of studies. Knowledge without wisdom is a heap of facts. Our meticulously designed curriculum and training programmes stay focussed on imparting all necessary skills required in and desired from all new entrants of the industry and corporate world. As each School of learning in the University combines a multilateral confluence of academic training, research, innovation and creativity, we practice an interdisciplinary approach in teaching and learning process. Our accomplished faculty members impart quality input in teaching and experiential learning of our students, supported by lectures and workshops delivered by eminent academicians and learned scholars of national/international repute in different fields of studies.

I take this opportunity to invite all new aspirants to join hands in our mission to impart global standards of higher education, training and research for meeting educational demands of 21st Century.

5. CENTRAL LIBRARY: Bodhisatva Dr. Bhim Rao Ambedkar Pustakalya

Bodhisatva Dr. Bhim Rao Ambedkar Pustakalya is a structural marvel designed with inspirational inputs from the Buddhist Traditions of Learning. The Library building, situated in the centre of the Gautam Buddha University Campus, symbolises the Crown of Buddha and the Eight Schools of Learning on the Circumference of the Design represent Eight Paths of Learning in Buddhist Tradition and Practices. The building is the tallest one in the campus and marks our tribute to Lord Buddha.

The library, constructed in approximately 1.78 lacs sqft and spread over five storeys, supports the University's mission to contribute to society through its pursuit of education, learning and research at the highest international levels of excellence. It is the heart of academic and research activities of the Gautam Buddha University. It has huge volumes of books and e-journals which cover the disciplines of management, computer science, information technology, biotechnology, Humanities, and other related areas. The Central Library is located on the outer circle of the schools as the background of Tathagat's statue. The library is well equipped with modern facilities, spacious stack halls, 2000-seating capacity reading hall, reference sections, catalogue area, multiple self supporting loaning counters, and is managed by a highly dedicated team of professionals. The Central Library is fully automated library with libsys and RFID systems.

Library Collection: The collection of the Library in the area of management, science, technology, engineering, humanities, social sciences, generalia etc. is very strong. The collection comprises mainly with books, theses, reports, current journals, back volumes, specifications, standards, video cassette, CD/DVD databases etc. The collection is heavily used by the faculty, students, alumni members, corporate members, industrial associates, project coordinators, scholars.

Apart from the printed resources it provides rich online resources like IEEE, ACM, Springer, Nature, Oxford University Press, Emerald, EBSCO, ECCH online management cases, CMIE (EIS, Prowess) databases and many other e-journals for scholars and students.

1. CENTRAL COMPUTER CENTRE

The Central Computer Centre (CCC) caters to the computational needs of the University and provides access to Internet resources as well as telecommunication facilities. The Campus network is carefully planned, keeping options in mind for future expansions. Fiber-optic cabling is used to connect all the major buildings. The campus has also been made Wi-Fi. The CCC has strong IT security infrastructure that protects the university network from outside hackers. Most of the servers are using Open Source platform.

2. CORPORATE RESOURCE CENTRE

Continuous interaction with the industry helps students to build strong relationship with the industry professionals. This also helps students to understand the corporate world better and develop themselves as per the needs of the industry. The Corporate Resource Centre (CRC) at GBU intends to be the face of the University to the Corporate/Industry. It aims to facilitate the process of close Industry-University interactions and actively promote new avenues in experiential learning. The CRC endeavors to bridge the gap between academia and corporate world. It engages leaders, entrepreneurs, executives, and policy makers to address students to facilitate practical learning. The CRC helps students in finding

appropriate summer projects and final placements. The CRC involves students strategically for various events, summer and final placements.

3. INTERNATIONAL COLLABORATIONS

We are carefully crafting our future which ensures qualitative education and training to students. In our quest for achieving intellectual excellence, we are re-drawing the frontiers and spreading our wings in all directions to map the limits of academic excellence. To become a global centre for excellence, we are in the process of formalizing tie ups and mutual accreditations with many universities in UK, France, Finland, Netherlands, Australia, Denmark and USA. To take the initiative of the University further, the government of Uttar Pradesh has introduced special scholarships for students of SC/ST and other economically challenged students of the society enabling 50% of them to meet their expenses for one semester at a university abroad for their travel, stay and course fees.

The University is in the process to have tie-ups and mutual accreditations with more than 15 universities in UK, USA, Australia and other major developed European countries. In this regard the University has signed MoUs with the Queensland University of Technology, Brisbane, Australia, the International Business Academy, Kolding Denmark, Manchester Metropolitan University, UK, and Sheffield Hallam University, UK.

During the session 2009-10, our students of MBA, School of Management went to Denmark to attend Summer School Programme at the International Business Academy, Kolding, Denmark for one semester to study "The European Management Perspective". In the session 2010-11, our students of MBA, School of Management and M.Tech., School of Information and Communication Technology went to Sheffield Hallam University, UK.
